How to Connect to Cisco AnyConnect Secure Mobility Client (Mac)

May 6, 2015
Connect to the VPN

1. Ensure that you have internet connectivity.
2. Launch Cisco AnyConnect by navigating to Applications → Cisco → Cisco AnyConnect Secure Mobility Client.

3. The AnyConnect window will appear. Ensure that UW Dept VPN (central campus) is entered in the drop-down field. Click Connect. See Figure 2.

For help with any of the instructions below, please contact the AIMS Help Desk at 265-6900 or email help@aims.wisc.edu
4. In the login window that appears, ensure that **AIMS_DESKTOP** is selected for the **Group:** field. In the **Username:** field, enter your username. In the **Password:** field, enter your password. Click **OK**. See **Figure 3**. *Note: Your username and password will be the same you use to get onto your computer.*
